**ZG-13 & ZG-15B & ZG-16N**  
Nicely made standing paper stands. All solid brass. **ZG-16N** is nickel plated. The bases for all three have a heavy cast iron sub-base concealed under the brass cover. This makes the stand more steady than others we have seen on the market. **ZG-13 & ZG-16N** toilet paper stand: 2ft high; 5 3/8" space for roll and 7 1/2" base. **ZG-15B** paper towel stand: 8 1/2" tall; 11 1/4" space for roll with a nice heavy 7 1/2" brass covered cast iron base.

**ZG-14 & ZG-18T**  
A choice of simple or fancy toothbrush holders. Both are Lost Wax cast and are the nicest ones we've seen. **ZG-14** Holds 6 toothbrushes 5" tall; Base 3" dia. **ZG-18T** completely lost wax cast brass-darkened/lacquered. 6 1/2" tall; slots for four toothbrushes. Lovely.

**ZG-17S** How Cute ! Lost Wax cast soap dish in the shape of a bathtub... complete with mock corrosion under the faucets. Darken hi/lo finish. 6 1/4" long x 4" wide x 2 1/2" tall

**Heavy Duty 1" diameter towel bars with Cast Ball end supports**  
**T-R24** rod length of 24", **T-R36** rod length of 36"; **T-R48** rod length of 48"  
The round bases are 2 1/4" in diameter. All towel bars leave a 2" space between the bar and the wall. All sets are highly polished but not lacquered.

Now...talk about a departure from our hardware line. This has got to be it. A small crafts factory exists, down from ours, making resin products. Watching them carve their masters, then make the molds, and work the raw materials is very interesting. But, the best part is watching them color and hand paint them in life colors, giving each one a personality. We all sort of got enamored with them and before we knew it, we had ordered some as decorative accents. While we have more than is shown here, we are putting two into the catalog. **ZP-108** is a large guy 6 1/2" tall and 7" wide. Then, **ZP-106** lot is a set of refrigerator magnets with the "hear no, see no, speak no evil" theme. This set of three average 2 1/2" tall and about 1 5/8" wide. And naturally, they have magnets glued to the back.

If you are interested in more "piggy" items, we have a few more. We could send you a flyer with their pictures and sizes if you would like to call the office.

**ZG Series.** All this series uses a nicely cast 3" diameter beaded round backplate  
**ZG-1** is a nice 24" long 5/8" diameter towel bar. It leaves a 2 1/4" towel space between the bar and the wall.

**ZG-2** is a 6" diameter face towel ring which protrudes 1 3/8" from the wall  
**ZG-3** Soap holder which protrudes 4" from the wall; has a 4 1/8" x 2 1/4" soap dish.  
**ZG-4** Matching to ZG-3 toothbrush and water glass holder. Same dimensions.  
**ZG-6** Very handy dual hook bathrobe hook which seems to be just right for the back of the bathroom or closet door. It protrudes only 2 3/8".  
**ZG-7** is standard type tissue holder with spring loaded metal spool...not plastic.  
**ZG-8** is more Victorian style of tissue holder with spring loaded metal spool. The entire ZG series matches due to the identical 3" dia, beaded backplate and period style. Each piece compliments every other piece. A complete bath hardware solution.
