without chain or loop,
and therefore,
acts as it's own
ground.

366
Height
17"

Diameter: 17"

These 366/367
chandeliers
have 5 panels.

Each panel is lit
by a E-26
Medium base
socket.
Normally,
Bakelite
sockets are
installed

Construction: "ZN" indicates zinc.
Following Art Deco original metals
367-ZN is a grey zinc metal fixture.

Finishes for "ZN" are:
Polished (resembling nickel) or
a matt finish or a brushed finish.

367-BR where "BR" indicates
cast brass material which is
available by special order/pricing.

Finishes for "BR" are:
Polished Brass; or Matt Brass;
or Antiqued Brass; or Red Bronze;
or Nickel Plated or nearly black
Oil Rubbed Bronze
